# Yasniel Fajardo Egues

## Tech Lead | Solution Architect

## ABOUT ME

I enjoy leading and supporting my colleagues in creating fast, secure, and scalable web applications. I use React on the frontend and Go, Java, or Node.js on the backend. I focus on usability and applying best practices to deliver high-quality solutions that are easy to maintain and evolve.

Throughout my career, I have achieved sustained growth thanks to my technical skills, leadership abilities, and commitment to continuous improvement.
